## Helpful Hints for Project Based Learning Showcase

### Students...

1. Select a project to present that you are proud of.
  - It doesn't have to be the most successful project in outcome, but a project when you learned the most.
  - Be able to tell the story of how the PBL was introduced, how you worked in groups, researched information, learned new information, and reflected on the final outcome.
  - How is your JAG program, school or community a better place because of this project?
2. Be sure to prepare your presentation based on the points in the rubric.
3. If you use an electronic presentation, bring a jump drive to load onto computer. Bring a laptop and be ready to present from the computer screen in the case of technical difficulties.
4. Be sure to practice the timing. Presentations must be at least 5 minutes but no more than 7 minutes or points will be deducted.
5. Have fun! You are representing your school, your state, JAG National....and YOURSELF!

### Judges...

1. JAG National has encouraged Career Specialists (teachers) to incorporate the Buck Institute for Education's (BIE) "Gold Standard PBL" into their classroom practice. Research has proven that when the 8 Essential Elements of Project Based Learning teaching methodology are incorporated into a lesson or unit, students tend to become more engaged and experience a higher-level of learning.

The BIE Gold Standard PBL Design:

2. Students will have 5-7 minutes to present their PBL, and the judges will have up to 3 minutes to ask follow-up questions. Judges should allow student 2 minutes to set up and take down, if necessary.
3. If students have a hard time beginning their presentation, you may ask the question, “Tell us about a Project you worked on in class...”
4. Potential follow-up questions you may ask the participants:
  - a. Tell us more about \_\_\_\_\_ project.... How did you come up with that idea?
  - b. What did you learn from the projects you planned?
  - c. How did you engage people from the community in this project?
  - d. How did this project prepare you for life after high school?
  - e. What were some lessons you learned because of this project?
  - f. If you had to do anything differently, what would you do? Why?
  - g. What advice would you have to other JAG students who were thinking about implementing a project like yours?

## Event Assistant Responsibilities

1. An event assistant will be assigned to support the flow of the PBL Showcase event.
2. They will serve as a **Time Keeper** – to keep track of time for the judges, which will help keep the event on schedule. The Event Assistant will time each presentation and use time cards to announce the five (5) minute mark, six (6) minute mark, and six and a half (6.5) minute mark and then, TIME IS UP.
3. There will be a maximum of 3 minutes for judges to ask clarifying questions, and you will have 1-2 minutes to score and provide comments for the team members. The score sheets will be collected and turned into the official score keeper, and then returned to students the following day.
4. The event assistant will also serve as a **door monitor**, and will usher students in and out of the event room. If the judges need assistance, this person will serve as a liaison and do their best to resolve the need.
5. Upon completion of the event judging, the Event Assistant should make sure the room is neat and orderly, and bring any event materials and the judging score sheets to the Event Headquarters.
