

NATIONAL STUDENT LEADERSHIP ACADEMY

2017 NATIONAL JAG COMPETITION

At NSLA 2017, JAG is offering four national competitions—Math Skills, Public Speaking, Project Based Learning, and Employability Skills. Event Competition will take place at the **Hyatt Crystal City** immediately following the Awards Luncheon. Start time will be approximately 3:30 p.m.

JAG MATH SKILLS

To encourage JAG students to improve their ability to identify, solve and apply mathematical principles. Please read carefully the guidelines for this event.

Number of Competitors per State: No more than 3 competitors per state. Math skills competitors cannot compete in other events.

EMPLOYABILITY SKILLS

This event enables students to demonstrate their ability to secure employment through proficiency in the job application process and interview situations. Please read carefully the guidelines for this event.

Number of Competitors per State: No more than 3 competitors per state. Math skills competitors cannot compete in other events

PROJECT BASED LEARNING

This event allows students to create a presentation highlighting a unit of study where Project Based Learning (PBL) teaching methodology was used to instruct the JAG competencies or Career Association activities. Please read carefully the guidelines for this event.

Number of Competitors per State: No more than 3 competitors per state. Math skills competitors cannot compete in other events

PUBLIC SPEAKING

This event encourages students to improve their communication skills and their effectiveness in organizing and presenting facts or information about a specific topic. Please read carefully the guidelines for this event.

Number of Competitors per State: No more than 3 competitors per state. Math skills competitors cannot compete in other events.

2017 Topic:

How has JAG helped you own your future?
